

ID REQUIREMENTS AND DIRECTIONS

ID REQUIREMENTS WHEN TRAVELING TO/FROM MEXICO:

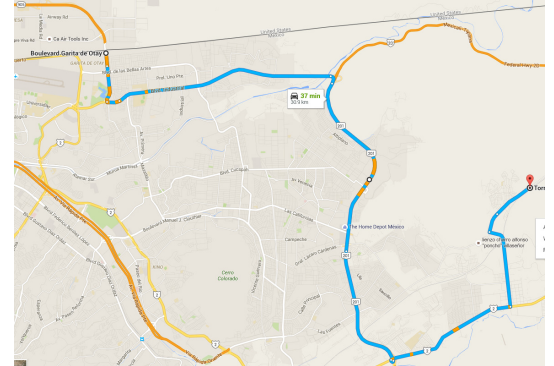

Mexican authorities require that you hold a valid passport while in Mexico (no Sentri or Global Entry cards). U.S. citizens need to present either **a passport, passport card, or Sentri/Global Entry card when returning to the U.S.**

Directions to Building Site in Tijuana, Mexico:

Take either I-5 or I-805 South to the 905 FREEWAY EAST towards Otay Mesa and the USA/Mexico Border. When you cross the Border, you will go through an area that says 'Nada qué declarar' (Nothing to Declare). Depending on whether you get a green light or red light, proceed forward.

- If you get the green light, proceed straight ahead.
- If you get a red light, pull over to the right-hand side for inspection, and the officials will inspect your car. You can claim \$50 of personal belongings.

Assuming you have no problems, continue on as follows.

Once you have crossed the Border, go straight over the bridge and continue straight at the arches. At the end of the block at the signal light stay to the left and turn left onto the Industrial boulevard. This intersection is about a mile from the border.

Note: sometimes this intersection is blocked off by the police for traffic flow purposes. If blocked, turn right, then the first left, and left at the light.

Once on the Industrial boulevard, **continue straight** towards the "Tecate Cuota 2" (Toll Road). You'll be on this boulevard for about 5.5 miles.

After a short distance on the boulevard, there will be a split in the road down to the right – **remain in the left lanes and pass over the bridge** – continue toward "Tecate Cuota Toll Road". Continue through the industrial area.

Once you have passed through the industrial area and the twin towers monument, **the road will become "Tecate Cuota Highway 2."** Proceed straight as the next exit will be a few miles ahead.

Drive approx. 2 miles and turn right at the "M. Matamoros/ Rosarito" exit. This is the last exit before entering the Tecate Cuota Toll Road.

Drive through the hills, industrial area and shopping centers for about 7 miles. You'll pass a Home Depot and Walmart on the right as you drive along this road. You'll arrive at an on-ramp for the "Tecate Libre" (free) highway. Drive under the freeway overpass that says, "Termina Zona Urbana." Go under the sign and **towards "Tecate Libre/Mexicali"**. You will pass a sculpture, then be facing southeast toward Tecate. **Continue straight.**

On the left side of the road you will see a large housing development, El Refugio. **Continue east/straight** for about 3 miles until you see a sign crossing the road. Just past the sign is a traffic signal, directly across from a Pemex station and Ley department store.

TURN LEFT at the traffic signal.

Continue straight on the paved road for about 1.5 miles - you will see a **greenish-blue church building on the left side** of the road as a landmark.

Keep going straight for about 0.3 miles after you cross over some railroad tracks.

When you get to a "T". **Make a right turn** and remain on the paved road.

In about 1-1/4 miles, you will see this small grocery store on your right.

Take the first right directly after the store along a dirt road that leads to some railroad tracks.

Proceed directly across the tracks.

Immediately after the tracks, straight ahead, you'll see a house with a red, metal gate. The gate will be open.

Pass through the gate to the back of the house, then immediately turn right along a dirt road where you'll see the colonia of Fuentes del Valle in the distance.

Fuentes del Valle

Continue along this dirt road, then left in front of the colonia, and right into Fuentes del Valle.

Directional signs will be posted. Follow the site-map to you house location.

Return to the States

Follow the directions in reverse order. At the paved road **turn left**, and go about 1-1/4 mile to a stop sign. Turn left and go approx. **1.5 miles** to the main road (Hwy 2 Libre) and turn right across from the PEMEX station. **Continue on this road for about 3 miles. Bear right**, heading back towards the border at overpass/traffic signal that says "**Garita Otay**" exit.

Go straight about 7 miles – bear right at "Tijuana/San Diego" exit. This road will swing around and head back towards Otay Mesa industrial area.

Go about 5.5 miles into the industrial area until you reach the park on the right. Continue straight ahead about 1 mile, following the signs for Garita de Otay. Just past the McDonalds, turn right at "Garita De Otay/Vehiculos Ligeros" intersection. Continue straight, up over the bridge until you reach the Otay Border crossing lines.

For those with a SENTRI pass, turn right at the park, following the sign towards Bella Artes boulevard. Turn left onto Bella Artes (approx. 1/2 mile) and watch for the border entry on the right. The SENTRI lane is in the middle.
